GENERAL OPERATION

BLUETOOTH MODE

After power on, the soundbar directly enters Bluetooth mode with flashing LED light and voice prompt.

1. Turn on the Bluetooth function on your devices and the device will start to search for the Soundbar.
2. Select “TL2100SBI” from the list of found devices.
3. If asked, enter the password “0000” and press OK.

Note: The Bluetooth playback is controlled by your device and the buttons on the remote control.

Note: The operation range for the Bluetooth connection is 10 meters.

Note: If a mobile phone on which you are playing music receives a call, the music will be interrupted and not played. After the call ends, the devices are connected to each other again and playback continues.

Remarks: Press ►/⏮ button on Remote Control for 3 seconds to disconnect the Bluetooth pairing.

AUX MODE

1. Ensure that the soundbar is connected to the TV or other audio device via an audio cable.
2. Press the  button on the soundbar or **M/⏮** on remote control to switch to “AUX IN” mode with voice prompt.

Note: The playback is controlled by your device and by the buttons on the remote control.

HDMI MODE

1. Ensure the HDMI ARC function is activated on your TV, and digital output is set to PCM.
1. Press the  button on the soundbar or **M/⏮** button on the remote control to switch to “HDMI ARC” mode with voice prompt. At this point, connect the HDMI cable (not supplied) to the TV set, and then to the HDMI ARC jack on the back of the soundbar.

GENERAL OPERATION (Cont.)

OPTICAL MODE

1. Ensure that the soundbar is connected to the TV or other audio device via an Optical cable (not supplied).
2. Press the  button on the soundbar or  button on the remote control to enter the “Optical” mode with voice prompt.

Note: The playback is controlled by your device and by the button on the remote control. Set TV audio format to PCM.

USB MODE

After power on, insert the USB into the USB jack of the soundbar. The Soundbar automatically goes to USB playback mode and plays the music in USB. Press  button to play and pause the music. Press  button to select music up and down.

DEVICE COMPATIBILITY

The soundbar theoretically supports all mobile phones with Bluetooth function and any related equipment connect to Bluetooth and play music.

TROUBLESHOOTING

Troubles	Solutions
Bluetooth paired connection cannot be completed	Other mobile device has connected before use and the mobile device has not left as well as its Bluetooth is not off. When it connects, Bluetooth of this device will automatically find the Bluetooth device and connect. First, turn off Bluetooth of the connected Bluetooth devices, then the next Bluetooth device can be found and normally paired to connect.
Volume of Bluetooth playback is low	<ol style="list-style-type: none">1. After connections with mobile devices, volume of Bluetooth device is not up but at the default output level. Turn on the mobile device output.2. Output volume of Bluetooth device is low itself.
Short Bluetooth connection distance	Obstruction exists between mobile devices and Bluetooth device. Remove obstructions.
Bluetooth connection plays normally, sometimes with broken sound.	<ol style="list-style-type: none">1. Obstruction exists between mobile devices and Bluetooth device. Remove obstructions.2. Too far away from Bluetooth device to connected devices, beyond the connection range. Shorten the distance between the Bluetooth device and mobile devices.
Silent play after Bluetooth connection	After connections with mobile devices, Bluetooth device audio is off. Turn on the phone's output volume.
